UPDATED IMPORTANT NOTIFICATION

EpiPen® Jr 150mcg Adrenaline (epinephrine) Auto-Injector

Due to manufacturing delays from our contract manufacturer, Meridian Medical Technologies, a Pfizer company, there is currently a supply constraint of EpiPen® Jr 150mcg Adrenaline (epinephrine) Auto-Injector.

Supply of EpiPen® 300mcg Adrenaline (epinephrine) Auto-Injector is not affected.

Mylan takes the supply of EpiPen® Jr Auto-Injectors very seriously, and we appreciate the importance of patients with life-threatening allergies to have access to epinephrine auto-injector products.

Patient safety is our primary concern and, as a prudent measure to provide an extra safeguard for this critical medicine, a process has been put in place to ensure those at risk for a potentially life-threatening allergic reaction (anaphylaxis) have access to the treatment they may need.

Patients requiring an EpiPen® Jr 150mcg Adrenaline (epinephrine) Auto-Injector are being directed to contact their local pharmacy. Pharmacies can then contact the Mylan Customer Support team on 1800 274 276 or the EpiPen® Customer Service Toll Free hotline on 1800 931 625 or au.sales.support@mylan.com to obtain instructions on how to access emergency supply.

During the current supply constraint, please dispense only ONE EpiPen® Jr 150mcg Adrenaline (epinephrine) Auto-Injector to each patient.

We will continue to provide updates about the supply situation.
