

Dear Healthcare Professional,

Novalac Allergy Infant Formula Supply Update

Bayer Australia Ltd (Bayer), wish to advise the following update on the supply of Novalac Allergy:

- Significant supply of Novalac Allergy has been receipted and dispatched to our retail partners.
- We have seen a return to regular demand for Novalac Allergy following a period of panic buying due to community concerns over COVID-19
- Healthcare professionals can confidently recommend Novalac Allergy for babies with cow's milk protein allergy. Parents can readily access the product from pharmacies across Australia.
